

# Digraph Sorting Boxes for Crazy A's® Level 4

**Galloping Games**

# Thanks for downloading the Digraph Sorting Boxes for Crazy A's® Level 4 by Galloping Games LLC!

Notes about the activity: For frequent use and durability, print the activity onto cardstock paper. To build your box, cut on all the dashed lines and fold all of the black lines toward the inside. Once you have your cuts and folds, fold the middle flaps in to start your box shape and start by taping the bottom corners to the outside of the flaps. Next, fold the top sides in and tape it down to the outside of the middle flaps to make your card box. After doing that, the photo should stand upright.

Teaching Tip: Tell your child/children to sort the Crazy A's cards by matching the digraph to the photo's digraph. The digraphs are: wh (whale), sh (sheep), ph (phone), th (thumb), ch (cheese), and ng (sing). Take all of the action cards out of your deck before sorting. If sorting with a partner, divide the deck in half and make it a race to see who will sort their deck first.

Encourage them to say the digraph sounds as they sort the cards. For example, match the "th" from the card that says "thin" to the box with the photo of the thumb.
