

Christmas Scattergories Freebie!

Thank you for downloading our December freebie! Merry Christmas!

There are two game boards to play this fun Christmas themed game similar to the original game, Scattergories.

Materials:

Printed Game (One per player)

Writing Utensil

Timer

Instructions:

Keep your papers face down until you have read all of the instructions and are ready to start.

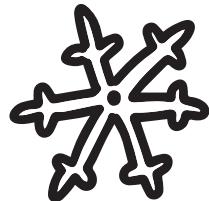

1. There are two versions to play. One game board has the word "SNOW" at the top of the page and the other has the word "GIFT". The list on the left has a variety of Christmas themed categories. The goal is to come up with as many words as you can think of that start with the letter from the word on top and match the category on the left. For example, if the category word on the left says "Something Red" and the letter above is "S" from "SNOW", you could write "Socks". If you think of an item that has two words that both start with an "S" like "Santa's Suit" you can earn two points for that category. Adjectives are not allowed, so you can't write "Soft Socks".
2. Decide if you want to play each letter (from SNOW or GIFT) as 1 round or play all 4 letters of the word at the same time.
3. Choose a time limit. (We recommend 1-3 minutes per letter or 10-12 minutes for all 4 letters at once.) The less time you allot to playing, the more challenging it gets.
4. Start your timer, flip over your page, and have fun! After the timer runs out, count up how many words you wrote down. The player that writes the most words down total is the winner of the game!

Note for young players: If your child does not know how to read, have them team up with an adult or stronger reader who can help them.
